

Mini-Company 2017

There is a huge spirit of Enterprise in Moate Community School this year with 51 mini Companies in total. 15 of these are from Transition Year and 36 are from First Year. On Wednesday the 5th December the school gym was transformed into a bustling market place. All 51 Companies constructed their stands. All students, teachers and parents were invited in to browse and shop. Tara Walker from Westmeath County Enterprise was also in attendance on the day and she spoke to the students about their products. Our young entrepreneurs were very pleased after the hugely successful market day and they all made some money just in time for Christmas.

Products included; Keyrings, Silicone earphones, power banks and chargers, defib app, rulers with built in calculators, google cardboard, Irish and English storybook, football gloves, keyrings, wooden ornaments, 2nd hand books, Pen holders, organic cosmetics and jewellery, medal holder, light switch cover, canvas pictures and lots more. Following the very successful market day there were 6 companies selected to represent Moate Community School in the County Final in February. We would like to wish them the best of luck.
