

## Moate CS Cyber Safety workshop

All first and second year students at Moate CS attended an SPHE cyber-safety workshop presented by Simon James on Thursday 16<sup>th</sup> November. Simon is a Dublin born singer and song writer who is currently travelling around the country delivering both

educational and entertaining workshops on internet safety. He discussed the issue cyber-bullying and explained key steps to follow when using popular social media apps like Snapchat and Instagram. The students thoroughly enjoyed the experience and they have learned some essential tips about using the internet safely.
