

# Moate First Year's Bonding trip to Jump Zone Trampoline Park, Santry

*By Conall Mandal*

Myself and the other excited MCS First Year Students headed from School at 9.00 on Monday morning with our tutors and Year Head, Ms Duignan. For us, it seemed to take forever to reach our destination of Jump Zone in Santry. We

got special socks with good grip, to prevent us falling and hurting ourselves. We could try out each of the many activities, such as jumping into a foam pit, free-style trampoline jumping, dodge ball on trampolines, basketball on trampolines and a game where we had to try push our opponents off a beam using a long pole,. We all enjoyed pizza for lunch. Then we set off for Liffey Valley, where we had some time to wander around the shops and again have some refreshments. We returned to Moate exhausted.

It was a great opportunity for us new students of MCS to make new friends and have fun at the same time.
