

# Anti-Bullying Policy

*This policy is rooted in the Mission Statement and aims of the school, fostering partnership between parents, teachers and the community in the interest of children's learning. All members of the school community will be treated with respect and compassion irrespective of social, racial, sexual or ethnic background.*

1. In accordance with the requirements of the Education (Welfare) Act 2000 and the code of behaviour guidelines issued by the NEWB, the Board of Management of **Moate Community School** has adopted the following anti-bullying policy within the framework of the school's overall code of behaviour. This policy fully complies with the requirements of the *Anti-Bullying Procedures for Primary and Post-Primary Schools* which were published in September 2013.
  
2. **The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of pupils and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour:**
  - A positive school culture and climate which -
    - ✓ is welcoming of difference and diversity and is based on inclusivity;
    - ✓ encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and
    - ✓ promotes respectful relationships across the school community;
  - Effective leadership;
  - A school-wide approach;
  - A shared understanding of what bullying is and its impact;
  - Implementation of education and prevention strategies (including awareness raising measures) that-
    - ✓ build empathy, respect, and resilience in pupils; and
    - ✓ Explicitly address the issues of cyber-bullying and identity-based bullying including homophobic and transphobic bullying in particular.
  - Effective supervision and monitoring of pupils;
  - Supports for staff;
  - Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies); and
  - On-going evaluation of the effectiveness of the anti-bullying policy.
  
3. **In accordance with the *Anti-Bullying Procedures for Primary and Post-Primary Schools (2013)* bullying is defined as follows:**

“Bullying is unwanted negative behaviour, verbal, psychological or physical conducted by an individual or group against another person (or persons) and which is repeated over time.”

The following types of bullying behaviour are included in the definition of bullying:

- Deliberate exclusion, malicious gossip, and other forms of relational bullying.
- Cyber-bullying.
- Identity-based bullying such as homophobic bullying, racist bullying, bullying based on a person's membership of the traveller community and bullying of those with disabilities or special educational needs.

Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate, in accordance with the school's code of behaviour. However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour. Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour. Additional information on creating a positive school climate are set out in Appendix 2.

### **6. The school's procedures for investigation, follow-up and recording of bullying behaviour and the established intervention strategies used by the school for dealing with cases of bullying behaviour are as follows (see Section 6.8 of the *Anti-Bullying Procedures for Primary and Post- Primary Schools*):**

The primary aim in investigating and dealing with bullying is to resolve any issues and to restore, as far as is practicable, the relationships of the parties involved (rather than to apportion blame).

### **The school's procedures must be consistent with the following approach.**

Every effort will be made to ensure that all involved (including pupils, parent(s)/guardian(s)) understand this approach from the outset.

### **Reporting bullying behaviour**

- Any pupil or parent(s)/guardian(s) may bring a bullying incident to any member of staff in the in the school.

- All reports, including anonymous reports of bullying, must be investigated and dealt with by the relevant teacher.
- Teaching and non-teaching staff such as secretaries, special needs assistants (SNAs), bus escorts, caretakers, cleaners must report any incidents of bullying behaviour witnessed by them, or mentioned to them, to the relevant teacher. Each person must acknowledge and act upon their duty of care.

### **Investigating and dealing with incidents: Style of approach**

- In investigating and dealing with bullying, the **relevant teacher** will exercise his/her professional judgement to determine whether bullying has occurred and how best the situation might be resolved;
- Parent(s)/guardian(s) and pupils are required to co-operate with any investigation and assist the school in resolving any issues and restoring, as far as is practicable, the relationships of the parties involved as quickly as possible;
- Teachers should take a calm, unemotional problem-solving approach;
- Where possible incidents should be investigated outside the classroom situation to ensure the privacy of all involved;
- All interviews should be conducted with sensitivity and with due regard to the rights of all pupils concerned. Pupils who are not directly involved can also provide very useful information in this way;
- When analysing incidents of bullying behaviour, the **relevant teacher** should seek answers to questions of what, where, when, who and why. This should be done in a calm manner, setting an example in dealing effectively with a conflict in a non-aggressive manner;
- If a group is involved, each member should be interviewed individually at first. Thereafter, all those involved may meet as a group; and
- Each member of a group should be supported through the possible pressures that may face them from the other members of the group after the interview by the **relevant teacher**;

It may also be appropriate or helpful to ask those involved to write down their account of the incident(s)

- In cases where it has been determined by the **relevant teacher** that bullying behaviour has occurred, the parent(s)/guardian(s) of the parties involved should be contacted at an early stage to inform them of the matter and explain the actions being taken (by reference to the school policy). The school should give parent(s)/guardian(s) an opportunity of discussing ways in which they can reinforce or support the actions being taken by the school and the supports provided to the pupils;
- Where **the relevant teacher** has determined that a pupil has been engaged in bullying behaviour, it should be made clear to him/her how he/she is in breach of the school's anti-bullying policy and efforts should be made to try to get him/her to see the situation from the perspective of the pupil being bullied; and
- It must also be made clear to all involved (each set of pupils and parent(s)/guardian(s)) that in any situation where disciplinary sanctions are required, this is a private matter between the pupil being disciplined, his or her parent(s)/guardian(s) and the school;

## **Follow up and recording**

- In determining whether a bullying case has been adequately and appropriately addressed the **relevant teacher** (teacher dealing with the issue) must, as part of his/her professional judgement, take the following factors into account:
  - Whether the bullying behaviour has ceased;
  - Whether any issues between the parties have been resolved as far as is practicable;
  - Whether the relationships between the parties have been restored as far as is practicable;
  - Any feedback received from the parties involved, their parent(s)/guardian(s) or the school Principal or Deputy Principal; and
- Follow-up meetings with the relevant parties involved should be arranged separately with a view to possibly bringing them together at a later date if the pupil who has been bullied is ready and agreeable.

- All staff must keep a record of any incidents witnessed by them or notified to them through the year head and referral procedures in the school. All incidents must be reported to the **relevant teacher**.

### **Practical tips for building a positive school culture and climate**

The following are some practical tips for immediate actions that can be taken to help build a positive school culture and climate and to help prevent and tackle bullying behaviour.

- Model respectful behaviour to all members of the school community at all times.
- Explicitly teach pupils what respectful language and respectful behaviour looks like, act like, sounds like and feels like in class and around the school.
- Display key respect messages in classrooms, in assembly areas and around the school. Involve pupils in the development of these messages.
- Catch them being good - notice and acknowledge desired respectful behaviour by providing positive attention.
- Consistently tackle the use of discriminatory and derogatory language in the school - this includes homophobic and racist language and language that is belittling of pupils with a disability or SEN.
- Give constructive feedback to pupils when respectful behaviour and respectful language are absent.
- Have a system of encouragement and rewards to promote desired behaviour and compliance with the school rules and routines.
- Explicitly teach pupils about the appropriate use of social media.
- Positively encourage pupils to comply with the school rules on mobile phone and internet use. Follow up and follow through with pupils who ignore the rules.
- Actively involve parents and/or the Parents' Association in awareness raising campaigns around social media.
- Actively promote the right of every member of the school community to be safe and secure in school.
- Highlight and explicitly teach school rules in pupil friendly language in the classroom and in common areas.
- All staff can actively watch out for signs of bullying behaviour.
- Ensure there is adequate playground/school yard/outdoor supervision.
- School staff can get pupils to help them to identify bullying "hot spots" and "hot times" for bullying in the school.
- Hot spots tend to be in the playground/school yard/outdoor areas, changing rooms, corridors and other areas of unstructured supervision.
- Hot times again tend to be times where there is less structured supervision such as when pupils are in the playground/school yard or moving classrooms.
- Support the establishment and work of student councils.
