Welcome from the Director of the UCD Ad Astra Academy

I am delighted to welcome you to the 2023 UCD Ad Astra Academy Prospectus. The Academy was created in 2011 and is UCD's flagship scholarship programme. It is an expression of the mission of UCD as a whole; to provide a community in which students of the University displaying exceptional potential in academic pursuits, elite sports or performing arts are encouraged and supported to develop their talent further.

We believe in creating an environment where students with exceptional ability, creativity and drive will be motivated, challenged and inspired. The Ad Astra Academy nurtures exceptional students by offering them unique supports and opportunities to further develop their talents and allowing them to achieve at the highest levels. Our scholars benefit from a bursary, mentoring and discipline-specific supports, as well as personal and professional development opportunities.

The scholars in turn are expected to make a significant contribution to the Academy, the University and when they graduate, to society at large. The Academy is supported by alumni and friends of the University through donations to UCD Foundation. On behalf of the University, I would like to express my deep appreciation for their generosity and support.

As Director of the Academy, I am delighted to witness these remarkable scholars develop their potential during their time at UCD and as they progress with their careers and become our Ad Astra Alumni.
